

STIROKOL 2

Description

White adhesive for EPS and insulation boards

Stirokol 2 White is a white adhesive used for bonding EPS and insulation boards. It is suitable for use on various substrates and provides a strong, durable bond. The adhesive is easy to apply and dries quickly, making it a popular choice for construction professionals. It is available in 25kg bags and is suitable for use in both indoor and outdoor environments.

Application instructions: Apply a thin layer of adhesive to the substrate and press the board firmly into place. Allow the adhesive to cure for 24 hours before use.

Application instructions: Apply a thin layer of adhesive to the substrate and press the board firmly into place. Allow the adhesive to cure for 24 hours before use.
