

# STIROKOL 2

## Description

Adhesive for bonding EPS and insulation boards.

Stirokol 2 White is a white adhesive used for bonding EPS and insulation boards. It is suitable for bonding EPS and insulation boards to concrete, brick, and other masonry surfaces. The adhesive is easy to apply and provides a strong bond. It is also resistant to weathering and aging.

Application instructions: Apply a layer of adhesive to the surface to be bonded. Press the board into the adhesive and hold it in place for a few minutes. The adhesive will cure and provide a strong bond.

Application instructions: Apply a layer of adhesive to the surface to be bonded. Press the board into the adhesive and hold it in place for a few minutes. The adhesive will cure and provide a strong bond.
