

POABRIB KRATZ

Description

Poabrib KRATZ

Poabrib KRATZ is high quality, ready for use, decorative structural liquid mortar, and easy to apply, which is used for internal and external surfaces. The base must be intense, clean of dust, and not frozen. It is laid with steel tools, with a thickness the same as the largest granulation. It is processed with the plastic tool while the laid material is humid. The final product, which is already applied, is strong, waterproof, and water resistant and it is not influenced from atmospheric conditions.

Preparation and Parameters application

Time for
application
after mixing
with water

2 h.

Drying time
of material

24 h.

**Preparation
and Parameters
application**

Application	1.5 mm.
thickness	2 mm.
Granulation	3 mm.
Consumption	2-4 kg/m2.
The temperature of the air and surface	+5/+25Â°C
Color	
Kg bag	25
Bags/pallet	36
